

Territorial Highway

Gillespie Corners to Lorane

June 2021 Project Update—Construction Schedule Change

Construction will be taking place seven days a week starting Monday.

Starting Monday, June 7, activity at the Stony Point construction area will be starting at 7 a.m. and ending at 7 p.m. every day of the week. The contractor is making progress and will be adding addition crews to the project so that they can take full advantage of the good earth-working weather. This schedule will help expedite project construction. We apologize for the disruption this will cause to the adjacent property owners.

The temporary traffic signals will continue to be used over the next two months and will periodically be relocated to account for shifting work zones.

Your patience and cooperation is greatly appreciated! We will continue to share project updates through our project e-newsletter. Please let us know if you have any questions or concerns.
