

Territorial Highway

Gillespie Corners to Lorane

May 2021 Project Update—Traffic Change Notice

There is a traffic change occurring next Monday to ensure safe travel through the project area.

Starting Monday, May 17, a section of the road within the Stony Point construction area will be converted to a single lane and controlled by traffic lights. The location of the signal may shift over time to accommodate access and construction needs. This change will be similar to the traffic signals that were placed late last year.

There will also continue to be intermittent sections of the road that are gravel through the project area.

Your patience and cooperation is greatly appreciated! We will continue to share project updates through our project e-newsletter. Please let us know if you have any questions or concerns.

May 2021 Project Update: Stony Point Construction — *Gravel Surfaces May 10th*

The travel route will be a gravel surface for a while. The timeframe is uncertain at this time, but is anticipated to begin around May 10th. The traveling public is encouraged to use alternative routes. People driving should drive slower through the area and motorcycles and bicycles are advised to use extreme caution.

Your patience with us and support of this project is greatly appreciated! We will continue to share project updates through our project e-newsletter. Please let us know if you have any questions or concerns. **Thank you!**
