RE: Court Case Number 22CR31164 For Defendant Al-ansari, Faisal Farid

Faisal Farid Al-Ansari pled guilty to committing three residential burglaries in Lane County and was sentenced to 90 months prison. Al-Ansair was caught during a larger multi-county investigation for his perpetration of residential burglaries across at least three counties. Al-Ansari was rather sophisticated in his approach, researching potential victims to find "soft" targets. For example, he burglarized the home of a couple he found on open source material on the internet that was out of the state for an extended period of time. He then utilized a fence in California to liquidate the property. Al-Ansari previously received a commutation of sentence from the Governor for a series of property crimes committed in 2015 and was on post-prison supervision at the time he committed these burglaries.

These cases were successfully resolved due to the impactful engagement of the victims whose homes and personal lives had been violated, the great investigative work of Philomath PD and Eugene PD, and a tenacious prosecutor.
