

Lane County Coordinated Entry

What is Coordinated Entry? Coordinated Entry is a process to ensure that all people experiencing homelessness have fair and equal access to housing and assistance by being quickly identified, assessed, referred, and connected to housing programs. In Lane County, our Coordinated Entry system is a community, coordinated response to homelessness that allows households to receive a standard assessment to be added to a Central Wait List for various housing programs.

There are three main steps to Coordinated Entry:

1. Complete a Front Door assessment

2. Confirm you have been added to the Central Wait List

3. Work with a case manager

Step 1: Complete a Front Door assessment with a Front Door Assessor

Contact an agency to complete a Front Door assessment. Once your assessment is complete, the Front Door assessor will request that you be added to a Central Wait List that is designated for households and individuals who are homeless. **Note: Your assessment is only valid for 6 months.** After 6 months you must complete another assessment.

Step 2: Confirm you have been added to the Central Wait List

The next step is to confirm you have been added to the Central Wait List by contacting one of the Front Door Assessors. The Central Wait List is prioritized by need, meaning it **is not a first come first serve waitlist and the list is always changing.** It is also important that you keep any contact information current. You must complete an updated Front Door assessment every 6 months.

Step 3: Work with a housing case manager

Once a housing provider has space available, they will request a referral from the Central Wait List. The housing provider will then contact you to schedule an intake meeting. You and the housing provider will work closely together to secure appropriate housing.

Important Note: The Central Wait List has very limited slots and it is not the only housing option in Lane County. For example, **the waitlist does not include Section 8, public housing, or low-income housing.** It is highly encouraged that you continue to keep searching for other housing options while you are on the Central Wait List
